Suspect Conspiracy to Dynamite Atlantic Freight Ships

GERMANS OFFER INTERNED SHIPS TO FACILITATE U. S. TRAFFIC ON SEAS

WASHINGTON, July 12.—The Times this afternoon alleges that secret agents and police are co-operating in every eastern and southern city in an effort to unearth a gigantic conspiracy to destroy freighters clearing for England and France.

WOMEN OF GERMANY APPEAL TO WOMEN OF AMERICA

AMSTERDAM, July 12.—A Berlin dispatch received here today says that German women, together with American women living in Germany, have issued an appeal to the women of the United States to urge their husbands to stop the shipments of munitions to the allies from the United States.

PRESIDENT WILSON STUDYING GERMAN SITUATION

CORNISH, July 12.—President Wilson is carefully studying public opinion regarding the new German note. He spent the entire morning reading editorials and personal letters relating to the situation.

FRENCH EVACUATE SOUCHEZ CEMETERY POSITIONS

PARIS, July 12.—The war office today admits that the French have evacuated the Souchez cemetery trenches and portions of adjoining trenches. The German attack is said to have been accompanied by the use of thousands of asphyxiating gas bombs.

The French repulsed the first German attack with bayonets. It was on the second attack that the gas bombs were brought into play and there being no wind the heavy gas clouds hugged the earth and soon made the position of the French untenable.

GERMANY OFFERS INTERNED SHIPS FOR TEMPORARY USE IN AMERICAN SEA TRAFFIC

BERLIN, July 12.—Under Foreign Secretary Zimmermann today suggested that the German liners Imperator, Kaiserin Augusta Victoria and George Washington, now interned at New York, be placed under the American flag and used for American passenger traffic.

This suggestion is in accord with the hint contained in the German note that German submarines would agree not to attack four belligerent vessels temporarily placed under the American flag to facilitate sea traffic during the war.

KITCHENER AND ASQUITH SEE TEUTONS DRIVEN BACK

LONDON, July 12.—According to eye witnesses, General Lord Kitchener and Premier Asquith personally saw the German repulse north of Arras. The two statesmen held a conference with King Albert, and later Lord Kitchener visited a number of French divisions.

BRITISH BATTLESHIP SAID TO BE DAMAGED BY TURKS

CONSTANTINOPLE, July 12.—It is officially announced today that a British battleship of the Lord Nelson type has been badly damaged. The battleship attempted to bombard the Turkish Gaba Tape forts, but its fire was ineffective. Several shells from the fort burst on the decks of the warship.

WOMEN DIVINES COUNTRY'S NEED MEN FAILURES, SAYS WOMAN

SAN FRANCISCO, July 12.—Rev. Olympia Brown, president of the Federal Suffrage Association of the United States, today declared men have failed as ministers and said women must occupy the pulpits if the church is to be saved.

"We must encourage our girls to study for the ministry. Men are lured away from their ministerial duties by ping pong, tennis and pink teas."

"Today there's more brawn than brains in our pulpits. Our men ministers spend too much time writing essays to please their parishioners. Rich men influence many ministers. They are afraid to attack child labor, white slavery and other evils. Society cliques rule some clergymen who do not dare to offend society women by extending a helping hand to the poor who enter the church Sunday morning."

LIBERTY BELL GIVEN OVATION EVERYWHERE

BOISE, Ida., July 12.—The Liberty Bell stopped here one hour and was viewed by thousands of citizens. Gov. Moses Alexander acted as the master of ceremonies and the local national guard paraded.

CALDWELL, Ida., July 12.—Hundreds of farmers and their families, coming from miles around this station, cheered the Liberty Bell to the echo during its brief stop here this morning.

SOON CIRCULATE PETITIONS TO FORM HARBOR DISTRICT

When the law recently passed by the State Legislature providing for the formation of harbor districts and the holding of bond elections to provide funds for the improvements of harbors in any certain districts becomes operative on August 8, the boosters of the Newport harbor project will immediately begin the circulation of petitions asking the Board of Supervisors to appoint a commission to prepare a report on the estimated cost of the improvement.

Attorney Clyde Bishop, of this city, who is one of the strongest boosters for the improvement harbor, is already at work on a form of petition to be used when the law becomes operative.

Systematic Campaign

These petitions must be signed by fifteen per cent of the total electors at the last state election, in the proposed harbor district.

Attorney Bishop is formulating a systematic campaign to be carried out. "I am going to see that a copy of the petition is circulated in every voting precinct in Orange county," said Bishop today. "Every voter in the county will be given a chance to sign. We want this harbor to be an Orange county harbor and not merely a Santa Ana project."

Two Years Time

Bishop estimates that it will require about six months' time for the commission to make its report. Should the petition asking the supervisors to appoint the commission receive the support that the harbor boosters believe it will get, \$10,000 will be available at once to carry on the preliminary work.

When the report is submitted it will take, according to Bishop, an additional period of about eighteen months before the necessary bond election is held and the money becomes available to proceed with the actual harbor work.

Newport to Help

"By that time," said Bishop, "the city of Newport Beach will be using its proposed \$100,000 bond issue and will have gone ahead with its work. Deeds will have been signed by that time, all harbor lines determined upon and everything will be in readiness to proceed."

"We will leave no stone unturned to make our campaign one of the greatest that has ever been carried on in this county," Bishop continued. "There are very few people in this county who do not realize, in a measure, the tremendous benefits that this territory will derive with the building of a modern harbor. But it will be the aim of our campaign to so thoroughly impress this on the voters that when the bond election is called the vote in favor of the bond issue will be practically unanimous."

THREE SAN DIEGANS ARRESTED FOR FRAUD

LOS ANGELES, July 12.—John Noble, Thos. Noble, Jr., and H. A. Walton of San Diego were arrested on a charge of swindling three wealthy Pennsylvanians out of \$34,000 in a mining deal.

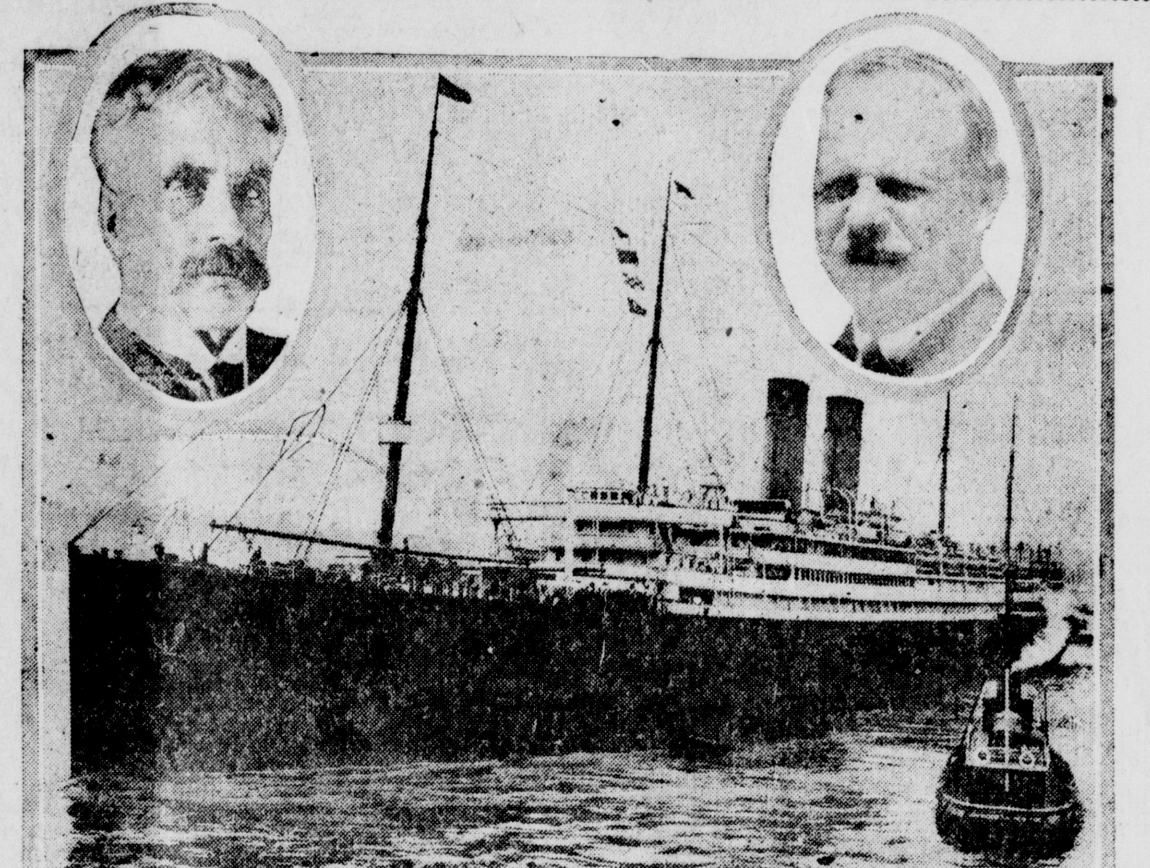

DYNAMITE FOUND ALL ALONG RAILROAD TRACK

PHILADELPHIA, July 12.—Four hundred and seven sticks of dynamite were today found scattered along the tracks of the reading railroad near Flat-Rock Dam, a Suburb. There is no clue.

GIANT BANDIT DOES DARING GET-AWAY RUN, CAPTURED, SUBDUED

SAN FRANCISCO, July 12.—Frank Taylor, a giant bandit, today pleaded guilty to robbery, then attempted to escape. He dashed into Judge Dunne's chambers, upset chairs and a desk. Bailiff Mulpleid pursued him and the bandit hit Mulpleid, who is severely injured. Detectives and policemen overpowered Taylor, who, a moment later, made a second attempt to leap from the patrol wagon. He was finally subdued.

"THE WHITE STAR LINER ADRIATIC is safe," was the word over the cables, Saturday. Threats had been made that the big steamer would be submarined and sunk on her trip across the Atlantic. The vessel carried two noted passengers—Sir Robert Borden, premier of Canada, and Guy Nickalls (upper right hand photographic insert) English coach of the winning Yale crew at the recent meet with Harvard

New Threat to End Life of J. Pierpont Morgan

NEW ORLEANS, June 12.—Local police today intimate their belief that the warning bomb and assassination letters sent to local newspapers may be merely the work of some one endeavoring to create excitement. One of the letters was signed "Pearce," and purported to be from an accomplice of Frank Holt, assassin of J. Pierpont Morgan. This letter threatened death to Morgan and to Sir Cecil Spring-Rice, the British ambassador.

GONZALES TRIES TO REORGANIZE MEXICO CITY; END LOOTING

MEXICO CITY, July 12.—General Gonzales is today at work organizing a local government in an effort to restore normal conditions.

Manifestos have been posted announcing that any one caught looting will be summarily shot.

The retreating Carranzaistas have taken with them every horse and automobile in the capital.

CHICAGO, July 12.—En route to the California expositions, Colonel Roosevelt and wife are scheduled to arrive tonight. They leave for the coast two hours later via the St. Paul. Progressives have planned a rousing reception here.

BRYAN IN BATH SUIT CHEERED TO ECHO AS HE DIVES INTO SURF

HERMOSA BEACH, July 12.—W. J. Bryan, barefoot and wearing a bathing suit, a light duster and old hat, received a delegation of admirers on the beach.

Big crowds watched Bryan bathe in the surf. He doffed his coat and hat and plunged into the breakers amid applause.

BLASE MAIDEN TAKES AEROPLANE RIDE, READS PAPER MILE-A-MINUTE

SEATTLE, July 12.—Ruth Rutledge, aged 21, took her twenty-first aeroplane trip today with Aviator Maroney. She flew from Everett to Seattle, thirty miles, in twenty-eight minutes. She was so busy she read a magazine all the way. They rose 6000 feet.

9000 PANTS MAKERS THREATENING STRIKE

NEW YORK, July 12.—Nine thousand pants makers are today demanding a wage increase and threaten to strike if their demand is refused.

REDLANDS SHIPS 4455 CARS ORANGES IN 1915

REDLANDS, July 12.—The shipment of oranges from Redlands district last week was very light, only a few boxes having been sent out from the many packing houses here.

DOUBLE SLAYER TAKEN BY BAKERSFIELD COP

BAKERSFIELD, July 12.—Trinidad Gonzales, the alleged tiger man, and Rito Bargas, accused of shooting and killing Francisco Amador and Dominico Chavez on July 4, were captured in a hut on the outskirts of this city today. Police chief Vizzard surprised the captives, who admitted their identity but refused to talk.

DYNAMITE CASE OPENS ON MOVE TO QUASH AS TO MURDER

LOS ANGELES, July 12.—Attorneys today began arguing in behalf of a motion to quash the murder indictments against M. A. Schmidt and David Caplan, the alleged Times dynamiters.

Grand jury bias is charged. Olaf Tveitmo and other labor leaders are present.

WOMAN ROBBED, BUT GRABS GUN, SHOTS BANDIT, JAILS PAIR

OAKLAND, July 12.—Mrs. Rose Rossi, owner of a rooming house, today overcame two bandits. The men locked her in a room and robbed her, tearing diamond earrings from her ears. When they departed she got a revolver and pursued. She shot one through the left shoulder and arrested both, then marched them to the police station.

CALIFORNIA CROP ESTIMATES GIVE PROMISE OF RECORD BREAKERS

SACRAMENTO, July 12.—The state crop bureau today made public its estimates for California crops for the present season. The figures are optimistic in the extreme. Record-breaking yields are forecasted for every staple crop except apples, peaches and pears.

TEN INJURED IN SERIES OF AUTO CRASHES; ALL MISS FATAL MAIMING

A big Cole automobile taking more than its share of the road caused a head-on collision east of Seal Beach yesterday afternoon. Five men who live at Artesia were injured, two of them badly though none fatally.

Three men were injured, one seriously, when an automobile collided with a motorcycle on the Newport road this morning. The automobile was consumed by fire.

One man suffered an injury to his leg and another escaped unhurt when the delivery auto in which they were riding turned over on West Chapman street this morning as the result of a tire blowing out.

A motorcyclist escaped with minor bruises on East Fourth street this morning when his machine collided with an automobile.

Six Near Death As Auto Is Hit By Motorcycle

Dense fog was responsible for a head-on collision between an automobile and a motorcycle on the Newport road this morning when three men were injured, one seriously, and the automobile consumed by fire.

The injured are: CHARLES PEPPERMAN, Long Beach deep scalp wound; lacerations on the face and back of his hand; otherwise bruised.

FLOYDE ERSKINE, of 913 Granite Drive, Pasadena; left foot and ankle mangled, ligaments torn; cut above the knee; minor bruises; right knee-cap broken.

WILLIAM REIS, Long Beach, bruises and cuts about the body; scalp wound.

The accident occurred at about 7 o'clock near the Harper store on the Newport road.

Auto Turns Over

The automobile turned completely over, throwing out its occupants. Kirsch, the driver of the car, and the two Carrolls, escaped with minor bruises.

Pefferman, Reis and Erskine were rushed to the Santa Ana Hospital. The Kirsch automobile was totally destroyed by fire which started when the gasoline caught fire.

The Kirsch party was on its way to Newport on a fishing trip. Erskine was on his way to Pasadena to sell the motorcycle he was riding.

Five Artesians Injured In Head-on Collision

Five men of Artesia were injured and two automobiles were wrecked on the Westminster-Seal Beach boulevard yesterday afternoon. It is declared that the wreck was due to the fact that the driver of a big Cole automobile monopolized the paved road. A Ford car was hit and wrecked.

Though admitting that he was culpable in taking too much of the road, the driver of the Cole car is declared to have given a false address.

The smash-up occurred at a point just east of the first curve in the boulevard leading over the rise to Seal Beach.

The Ford, in which Harold Patton, Robert Shriver, Lloyd Bell, Kent Garner and Harry Thomas of Artesia were riding, was well over on its right side of the highway, going east. So far as can be learned, no one denies that to be a fact. Those in the Ford machine say that the Cole hogged the road, and more. They say it was on its left side of the road. The Cole driver is said to have admitted that he was not on the right side, and that of his machine was well over the center line to the left.

The five men in the Ford were all injured. An ambulance was called to take Patton and Thomas to Artesia. Patton has a bad cut on his head, and last night it was thought that his skull was cracked. Thomas has a chest injury, and is badly bruised.

There were seven persons in the Cole machine. It is stated that neither the number of the machine nor the

WOMAN PAROLED AFTER GIVEN FIVE YEARS FOR SLAYING BABE

PORTLAND, Ore., July 12.—Judge Gatens today pronounced a sentence of five years imprisonment on Mrs. Bessie L. Fowler, convicted of smothering to death the baby of her daughter, which was born out of wedlock. Immediately after passing sentence Judge Gatens paroled the woman.

Mrs. Fowler's daughter, a girl of seventeen, is charged with second degree murder, but her trial has been postponed until the father of the child can be brought to justice.

WITNESSES WILL BE IN COURT, SAYS JUDGE

Thomas Not Convinced That Today Only Day Testimony Could Be Secured

Though Attorney W. F. Heathman insisted that there is no time like the present, Judge Thomas concluded that July 22 will do just as well as July 12. Heathman was anxious to have the divorce trial of Lucy G. Patton against Benjamin Patton tried this morning. He said that he had his witnesses present, they could not be there any other day, and if the case was not tried forthwith his client, Mrs. Patton, would lose the case.

Heathman's worry lest the case be not tried arose over the fact that Attorney Clyde Bishop, representing the defendant, Patton, foreman in a laundry, had asked for a continuance. He said it was the desire of the defense to subpoena a hotel man in Los Angeles for the purpose of getting a hotel register as an exhibit in the case.

Indiana Man's Kidney Troubles Disappear

"After suffering many months from kidney trouble," writes W. R. Fox, of Noblesville, Ind., "and after having tried many remedies and prescriptions, I purchased a box of Foley Kidney Pills. They not only did me more good than any other remedy I had ever used, but they positively got my kidneys right. Other members of my family have used same with similar results."

From every state in the Union come unsolicited letters telling of satisfactory results from Foley Kidney Pills. When the kidneys become clogged up, get sluggish, and filter and strain out of the blood only part of the poisonous waste matter, the balance remains and circulates through the system, uric acid forms, and swollen, painful joints and muscles are the result.

Foley Kidney Pills cleanse and tone up the kidneys, so that backache, rheumatism, sore muscles, aching joints, annoying bladder disorders and irregularities soon disappear.

Judge Thomas declared that it was his desire to get all the information possible in the case, and that he would continue the case.

"We will see that your witnesses come back, and that you get the testimony just as well on July 22 as you could today," said Judge Thomas. He caused subpoenas to be issued immediately, and the witnesses present were served.

"If any witness fails to be here on the date set," said the judge, "I will issue a bench warrant."

Gets Probation
E. V. Espinoza got probation. His attorney, Steele Finley, made three appearances before Judge West, and finally convinced the judge that it was advisable to give Espinoza another chance. Espinoza was convicted of embezzling a motorcycle from Jose Malda, to whom it had been sold by Espinoza. This morning Judge West sentenced Espinoza to San Quentin for five years, but withheld the commitment.

Cases Dismissed
Dismissal was entered in the action of J. H. Bullard against Mabel M. Joy. The statement for dismissal says that the claim has been paid in full. The action was one of ten brought to collect sewer assessments for sewer laid in the southwestern part of Santa Ana.

Drops His Deputies
Today Constable Charles Young of Fullerton township filed revocations of the deputyships given by him to Louis Hefner and William French.

Charge Dependency
July 10 has been set for the hearing of the case of Fern Smith, aged 17, charged by Probation Officer Scott with dependency. The girl was arrested in San Diego and held by officers there for the probation officer from this county. The girl lives between Olive and Anaheim.

Matter Suspended
W. E. Gates, before Judge West on a charge of habitual inebriety, is to be given an opportunity to refrain from drink.

Grant on Trial
While Joseph Grant, Jr., of Newport Beach is on trial in the superior court on a charge of assault with a deadly weapon with intent to kill W. A. Hensley, for a time today it was his mother who was seemingly in trouble.

During the trial today it developed that one of the principal witnesses, Bertha Youkin, was not present. Deputy Sheriff Cravath said he had been unable after long search to locate her for summons.

A copy of a letter was produced, written by Mrs. Grant to her son, who was in jail. In effect, that letter said that if the two chief witnesses against Grant did not show up the prosecution's case would fall flat.

"I have full sympathy with you as mother of this accused man," said Judge West, "and I know that in your mother's heart you were anxious to do whatever you could to help him, but you should know that such actions cannot be countenanced. Tampering with witnesses is a serious offense in the eyes of the law."

Mrs. Grant stated that in writing the letter she had not intended any harm. She knew it would be read by the jailer. She also said that as worded the letter did not express her real intentions.

The principal witness against Grant is W. A. Hensley. He and Mrs. Ida Cady and Mrs. Cady's daughter, Bertha Youkin, were driving by auto from Newport Beach to Los Angeles. They said the man had been drinking. A quarrel ensued and Grant is alleged to have fired four shots at Hensley west of Anaheim.

On the jury are E. M. Hopper, A. C. Williams, J. M. Miller, H. A. Miller, J. D. Price, J. S. Axt, D. F. Campbell, S. W. Price, Louis Dausner, E. E. Kirkwood, John Lehm and Geo. McNeill.

Judgments Given
A quiet little judgment was given today in an action brought by W. H. Glover against F. L. Worden as administrator of the estate of C. H. Taylor. The defendant defaulted.

Judgment of \$490 and possession of property at Seal Beach has been given J. A. Stabbon against Mrs. N. B. Wilson.

IN THE JUSTICE COURT GREAT PROGRESS IN DESIGN OF THEATERS

HIS PROBATION BROKEN. HE IS SENT TO JAIL

For breaking the terms of his probation, Ralph Collar of Tustin was today ordered to jail for three months. Justice Cox issued the commitment. On April 21 Collar was fined \$15 and was given a three months' sentence, as a result of a peace disturbance charge.

Collar was brought back from San Diego by Probation Officer Scott, and the justice was informed that Collar had broken his probation.

On Forgery Charge
W. E. Eck was arrested in Los Angeles Saturday on a charge of forgery. The complaint filed here charges that he forged the name of H. L. Woodruff to a \$10 check drawn on the First National Bank of Santa Ana and cashed by Bergman & Obarr on June 16. It is stated that Eck used the name M. E. Eckstrom here.

Three Arrested
A. Shaw, Jack Cook and Erwin Price were arrested Saturday night by Officer John Ryan on information given by Deputy Sheriff Gunnett. Gunnett was returning from Anaheim in an automobile when a machine came up behind him. He says the machine was running with muffler open. Gunnett will swear as to the speed, because he says he put his machine at thirty-three miles an hour, and the other machine passed him. The hearing is at 3 o'clock this afternoon.

For No Lights
Paul Plavan paid a fine of \$3 for driving an auto without proper lights.

Brothers Wrestle?
Yesterday afternoon Officers Pond and Ryan arrested Albert and Elmer Cummings, brothers, on a charge of disturbing the peace. The word that the officers received was that the brothers were having a fist fight and were making a good deal of noise about it. Arriving, the officers found more or less blood on the faces of the antagonists. This morning in court Elmer contended that he and his brother were wrestling. Albert admitted that he made more noise than was necessary, and he pleaded guilty to disturbing the peace, and paid a fine of \$10. Elmer pleaded not guilty and his trial is set for 3 o'clock this afternoon.

Officer Pond stated that the altercation arose over some repair work on an automobile upon which the brothers were working.

Says It's Not Enough
Yesterday morning Leo Vasquez, a youthful Mexican, was free. This morning he was sentenced to serve six months in jail for stealing a bicycle from Palmer McCarter, southeast of Santa Ana. The bicycle was taken from a barn. A neighbor saw the man taking it away. The bike was hidden in some weeds. Deputy Sheriff J. W. Murray went forth by auto and arrested Vasquez at Delhi. Vasquez pleaded guilty to petty larceny, and was sentenced to six months in jail.

"That's not enough," said Vasquez. "The justice assigned the remark as an attempt to be smart."

"That is all I can give you," said he.

For Speeding
J. J. Hayes paid a fine of \$10 for speeding his automobile.

EVIDENCE WAS HEARD IN WRONG COURT

TERRE HAUTE, Ind., July 12.—Judge Gerding in Circuit Court recently heard evidence on a petition for an allowance in a divorce case, found for the applicant and began to make the entries on the docket only to find that the case belonged in the Superior Court. The plaintiff in the case, Louise Wilshire, had sued in the Circuit Court for support and later brought suit in the Superior Court for divorce, on which allowance was asked.

Emergency Currency Outstanding
The Aldrich-Vreeland act under which emergency currency was issued last year, which act was extended by the Federal Reserve act, expires by limitation on the 30th inst. There was outstanding on May 31 \$2,505,000 out of \$392,502,445 issued last year. The high point in the volume of emergency notes outstanding at one time was reached October 25 when they aggregated \$385,616, 990.

Emergency currency was first issued early in August, 1914, and up to October 21, or for three months, the tax was 3 per cent. On November 1 the tax went to 3 1/2 per cent, and on December 1 to 4 per cent, the respective rates applying each month to new applications for the notes, as well as to the outstanding issues. The volume of notes outstanding at the end of each month since October 31, with the current tax rate, are shown below:

Date	Outstanding	Tax
October 31	\$308,351,965	3 1/2
November 30	242,000,000	3 1/2
December 31	150,836,692	4
January 31	65,000,000	4 1/2
February 27	31,000,000	5
March 31	13,000,000	5 1/2
April 30	2,568,000	6
May 31	2,508,000	6

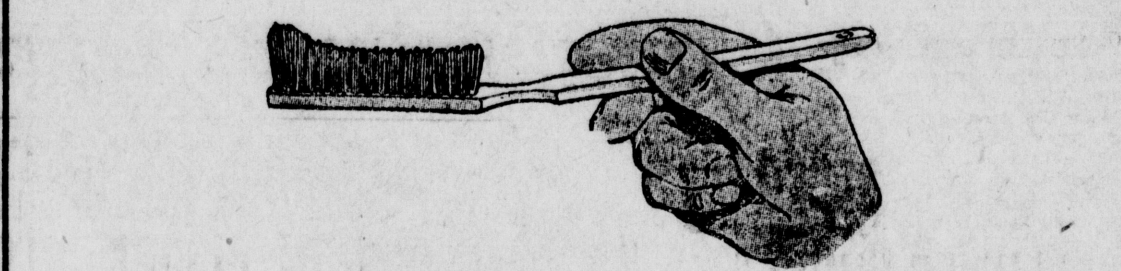

Of the amount outstanding California has \$280,440. Texas has the largest amount with Pennsylvania second and Iowa third. New Mexico has the smallest amount, \$46,500.

MAN PARALYZED BY DIVE INTO LOW WATER

YESTERDAY at Anaheim Bay, Louis Doerr, of Los Angeles, dived into shallow water, struck his head on the bottom and received an injury that left one side paralyzed.

Deputy County Clerk J. M. Backs of Santa Ana witnessed the accident. Doerr had been swimming in the bay. He climbed upon a small pier and dove off. When the man came up Backs saw that he floated in a peculiar manner and moved his head as though he was hurt.

Backs called to two men in a boat but a short distance away. "Pick that man up or he will drown," called Backs.

Doerr was lifted into the boat in a helpless condition. An ambulance was called, and he was taken to a hospital at Long Beach. It was found that he was paralyzed on one side from the neck down.

THAW CASE TO GO ON NIGHT SESSIONS NOW

NEW YORK, July 12.—Justice Hendricks announced today that night sessions will be commenced tonight in the Thaw sanity trial.

Evelyn Thaw's testimony, given in the previous murder trials, was read into the records today.

Thaw today appeared jauntily confident. To a group of newspaper men he remarked: "I'll be at liberty before the end of the week."

TEN INJURED IN SERIES OF AUTO CRASHES: ALL MISS FATAL MAIMING

(CONTINUED FROM PAGE 1)
name and address given by the driver correspond with the automobile register of the Los Angeles city directory. The driver gave his name as Vokell and his address as 1308 East Seventeenth street, Los Angeles.

Hundreds of people going to or coming from Seal Beach and Long Beach stopped and examined the wrecked cars. The Ford car was hit on the right side in front, and the side of the car was smashed in. One wheel was torn off the Cole, and that machine was also damaged badly in front. Among those who gathered word went from mouth to mouth that the driver was inexperienced. No confirmation of that report has been secured.

One of the Artesia men took the number of the Cole as 112364. That number in the state automobile register, however, belongs to an Apperson touring car, registered in the name of Fred Stahl, Los Angeles.

Motorcycle Rider Unhurt As Auto Rams Machine

Thrown from his motorcycle at the corner of Fourth and D streets, Pedro Peroc of 945 Pine street, was severely shaken up and his machine smashed when it collided with an automobile driven by Victor H. Fross of 619 West Third street at about 8 o'clock this morning.

Peroc was riding west on Fourth street. The automobile approached from the west and turned to go north on D street. Peroc looked back, for some reason, and did not see that the auto was turning off Fourth street, and in so doing was struck.

Peroc suffered no great injury. Fross' machine came out of the accident with a bent axle.

One Injured As Delivery Car Turns On Side

Owing to the blowing out of the right front tire of one of the automobile delivery wagons of the People's Laundry, J. Richards, driver, and J. R. Collins were thrown from the automobile at the corner of West Chapman and North Flower streets when the car turned over on its side at about 7:30 o'clock this morning. Collins sustained a severe bruise of the

leg. Richards was uninjured.

Richards was driving west on Chapman, near the corner of North Flower. In passing another automobile coming from the opposite direction Richards was forced to steer the right wheels of the machine off the pavement. As he steered the right wheels back onto the pavement the right front tire exploded, causing Richards to lose control of the car.

The machine turned over on its side. The front end was considerably damaged.

If Wheel of Auto Had Come Off On Grade!

S. W. Price, who lives at Talbert, is congratulating himself today on the fact that one of the front wheels of his automobile came off on the boulevard between El Modena and Orange yesterday afternoon and not on one of the grades he had just traveled over on his return trip from the Modjeska Park. There were three people with Price. The wheel of the car came off while Price was driving at a slow rate of speed. Had the wheel come off on the El Modena grade it is quite likely that a serious accident would have occurred.

ODDITIES OF WAR

LONDON.—When a wounded soldier was operated on in a London hospital, surgeons extracted several coins from his thigh, shrapnel having carried pieces of the pocket and all the coins it contained into the flesh.

NORTHERN FRANCE.—While not bombarding the Germans, British artillery sections behind the lines held a horse show, the blue ribbon going to a noble dapple-grey steed who formerly pulled a plough in Yorkshire.

GOOD MARKS ARE MADE BY RIFLE EXPERTS AT GUN RANGE

The first record shoot of the season for Company L and the rifle club was held at the rifle club's range Saturday and Sunday. At this shoot the men, who have qualified through the instruction course, shoot for the medals which are issued by the state and by the federal government. The following scores were made out of a possible 250:

Captain J. L. McBride, 231; expert rifeman.

Lieutenant Roy F. Knight, 201; sharpshooter.

Corporal Frank M. Walton, 194; sharpshooter.

Sergeant Arthur K. Ford, 191; sharpshooter.

Sergeant Carl D. Christenson, 183; marksman.

Sergeant Walter J. Pease, 170; marksman.

The men who did not get the expert rating have two more trials.

NON-GO-OFF REVOLVER DROPPED; DISCHARGES

JEFFERSONVILLE, Ind., July 12.—Mike Wall, chief of police, dropped his 38-caliber revolver, "guaranteed not to go off even if the hammer is hit," but the guaranty did not hold. The bullet broke two rails of a chair, penetrated the door of a cabinet and imbedded itself in the stock of a shotgun. Four persons, including Sergeant Summers and a reporter, were in the office, which measures 10 by 6 feet, but none was hit.

ASQUITH REFUSES TO TALK OF CABINET DISSENSION

LONDON, July 12.—The House of Commons today questioned Premier Asquith concerning the reported cabinet dissension, but the Premier refused to enter into a discussion. He said that public discussion could serve no good purpose now.

Dr. Christopher Addison, representing Lloyd George, said 98,000 skilled workmen have voluntarily enrolled in various arms factories.

The munitions situation is improved.

CANADIAN ARRESTED AS NEUTRALITY VIOLATOR

LOS ANGELES, July 12.—Kenneth Croft, a Canadian, was arrested here today in connection with the San Francisco grand jury probe into alleged British recruiting there. He admits a big group of British in America have been contributing cash to send Englishmen home.

Croft denied that American neutrality has been violated and asserted that the men were not enlisted here. They could work as waiters, longshoremen, or anything, he said.

He expressed confidence in his acquittal.

Croft will be taken north tonight. He owns concessions at the San Francisco and San Diego fairs and a movie plant here.

TEUTON FORCES EAST OF LEMBERG WEAKENED

PETROGRAD, July 12.—General Ivanoff today told the war office that the Teuton forces east and southeast of Lemberg were weakened by heavy withdrawals. It is believed a new smash against Warsaw and Paris is contemplated.

The Teutons are unable to cross the Zlota Lipa river and are entrenching on the west bank. The Russians line the east bank.

Von Mackenzen's offensive north of Lemberg has been abandoned and the Russians have repelled his weak attacks.

LIQUOR TRAFFIC IS ENEMY OF THE CHURCH

Declaration of Speaker At a Well Attended Meeting Last Night

Arguments to prove that the legalized liquor traffic is the greatest enemy of the church, the state and the school were presented at the First Baptist Church union meeting yesterday evening by Earl H. Haydock, executive secretary of the Southern California Prohibition Headquarters.

Haydock stated, in an interesting address, which was carefully listened to by an unusually large audience, that the question of legalized liquor traffic is not only a local and state question but a national and world question.

"The liquor trust has forced alcoholism upon the world," said Haydock. "The normal child does not like tobacco or whiskey but he grows up in an atmosphere saturated with these odors and goes into the pitfalls because we have legally forced him to."

Haydock interested his hearers from beginning to end of his address. He showed that he has given a great deal of thought to the question of the influence of alcohol upon all classes.

In closing, Haydock said: "The people of the United States can have prohibition whenever they elect dry men on dry platforms, pledged to enact dry laws and to enforce them."

Haydock has charge of the prohibition work in the territory extending from and including Orange county to Modesto.

Today's Feature Story

[By a United Press Staff Correspondent]

WASHINGTON.—Enormous loss to the government, now aggregating hundreds of thousands of dollars, from disappearance of equipment furnished by the war department to national guards—militia—of the various states is a serious problem confronting Secretary of War Garrison today.

National carelessness, the American trait of wastefulness, is responsible for the tremendous losses of rifles, blankets, shoes, cartridge belts and other paraphernalia of the militia, according to the war secretary. He is working with heads of the bureau of militia affairs and other army and militia officers to find some way to check the losses.

"The losses from theft are comparatively small," said Secretary Garrison. "It is simply carelessness; merely a phase of the national waste, typified personally."

Militia of no one state are particular offenders, according to Mr. Garrison. The loss is general. All states are debtors to the government for equipment "lost, strayed or stolen."

"Each state is allowed so much money by congress to aid it in keeping up its militia," explained Secretary Garrison. "Supplies are purchased and allotted to the adjutant generals of each state. The adjutant generals, technically, are responsible for their safe keeping. Practically the rifles, uniforms, blankets, tents, shoes, shirts, etc., are turned over to the company captains. Then they are distributed—and accounts carefully kept of the distribution—to the privates. There the loss begins. A pair of shoes is left outside of a locker. The shoes disappear. Maybe someone has come along, observed that the shoes were a good fit and has worn them off. The same thing happens to a shirt, or a canteen, or a cap."

"Anyway, the loss each year is something enormous. It now reaches thousands and thousands of dollars—dollars that the government will never get back. The accounts are carried on the books, debited to each state. Adjutant generals change. Former officers cannot be charged personally with financial responsibility. There is no one to whom the government can directly look for restitution. The losses stand, are mounting continually and when, if ever, they will be wiped out is problematical."

Attempts by the various secretaries

of war to call the states to an accounting for the lost supplies is generally futile. If the war department attempts to even up accounts by holding out part of the annual federal militia allotment to the states, immediately a "howl" goes up. The state officials bring pressure to bear here at Washington. Senators and representatives besiege the war department. Governors and adjutant generals declare that the national guard will go out of business unless the full government funds are given. Some states have even gone to the extent of threatening to dishband the national guard. In fact, the militia of one state was mustered out because of insufficiency of equipment—and reinstated after federal funds had been sent on.

The present secretary of war is said to be the personification of diplomacy in dealing with the situation. He endeavors to "hold out" on a debtor state part of its allotment, to partially pay for the previous losses of equipment. In this way he secures partial reimbursement at least.

If the pressure is too strong or if he thinks a state simply cannot maintain its militia with any curtailment of its federal appropriation, the secretary makes no attempt to force it to pay for the "dead horse."

A system something like that in vogue in Switzerland or Germany is favored by some army officials as a remedy for the loss of militia supplies, but they doubt if, applied to the red-blooded, independence-nurtured young American, it would work out as well in practice as in theory. In those countries each "reserve" private is held strictly responsible for his equipment. In Switzerland frequent inspections at the homes of the national guard are made. Separate lockers for privates in Germany are provided. In Switzerland the inspectors visit the homes of the guardsmen, to see if rifles are polished, shoes pliable and uniforms in condition for instant service.

"Imagine what would happen if we were to turn over to our American youths a rifle, equipment, shoes, shirts, socks, underwear, cartridge belt, cap and other equipment, to be taken to and cared for at his home," said one army official. "They would soon be lost in the shuffle of moving day, boarding houses, or relegation to cellar and garret."

The agent was able to give a description of the negro to the officers, and several business men of Junction City remember receiving some of the perfumed money. Because he shed tainted money as he went the negro has been trailed to Kansas City, but here his roll apparently gave out, as no further trace of him has been found.

YOUTH ATTEMPTS TO FLY; BREAKS ARM

EVANSVILLE, Ind., July 12.—John Mitchell, aged 14, living in the Mt. Vernon road below the city, attempted to rival the birds, and came to grief with a broken arm. Mitchell made a girder and wings after a pattern in a boy's book which he bought at a local store.

He attempted to slide from the loft of the stable to the ground. The girder was not strong and wing collapsed. Mitchell fell to the ground and his left arm was broken near the elbow and he suffered slight internal injuries.

The same night the ticket agent at the Union Pacific depot sold a negro a ticket to Junction City, and noticed that the money he received was heavily

COMING EMINENT SPECIALIST

suffering with Diabetes to see this specialist. So do not neglect to see him at this time and inspect the sworn testimonials of patients who have been cured by his discovery in the treatment of Diabetes and other chronic ailments. His great discovery has also proved equally successful in the treatment of diseases of the stomach; Rheumatism, Eczema, Blood, Nerves and Catarrh in all its varied forms.

Note what Mrs. R. H. English of 108 S. Main Street, this city, says: She certifies that in October, 1914, she was very miserable and consulted a number of physicians, who pronounced her complaint diabetes with a blood pressure of 240. A friend of hers recommended that she take treatments of Dr. Randall of Los Angeles with the result that she is today sound and well with a blood pressure of about normal, having been cured several months and is now eating almost anything that she desires to partake of. It is through the great results that she has received from Dr. Randall that she can recommend him so highly. She has always found him a conscientious gentleman and willing to do his part.

Statistics tell us there are more than 100,000 people dying annually by from DIABETES AND BRIGHT'S DISEASE in the United States and the Human Factor says 80,000 of this number could have been saved had the disease been discovered in its early stages.

Therefore, if you are not feeling well, and that the doctor may determine the exact cause of your ailment and complete the diagnosis, bring a specimen of your urine for chemical analysis and receive a thorough examination free.

THE MILITIA ENCAMPMENTS

The season of militia maneuvers and encampments is now with us. There will be keen scrutiny, this year of war of the results being attained.

Up to about ten years ago, the work at most of these encampments was of a very stereotyped character. Drilling in all kinds of formations seemed to be the principal occupation. Then came a development of the war game idea. Great bodies of men were scattered over the country as they would be in actual fighting.

This gave excellent practice to the officers in handling bodies of troops. But the work was very exhausting to men from indoor employments, particularly if food supplies were irregular. Probably it made the service unpopular in a great many cases. Its practical value to the private soldier was open to some doubt. Military authorities now seem more favorable to camps rather more like the old time encampment, where they settle down in one place and learn what they can of military practice. This is at least less expensive, it saves some damage bills, it gives time for more systematic instruction if the work is well planned.

It would seem as if the fighting in Europe were demonstrating the idea that nothing is so valuable to a soldier as learning to shoot straight. Modern war has largely degenerated to trench fighting. A soldier might put in years drilling, and yet be of little value in a trench.

Good marksmanship, knowledge of sanitary methods in trenches and camps, familiarity with arms and ammunition—points like these would seem worthy of first attention from our amateur warriors. Accurate shooting calls for no elaborate machinery of maneuvers and encampments. It can be taught anywhere and any time. If a big force of good marksmen were in reserve, the essentials of military organization could be quickly taught in case of emergency.

IMPERIAL VALLEY

The Imperial Valley has given just such an exemplification of typical California pluck as was to be expected from it, says the Pasadena Star. Recovery from the effects of the earthquake has been rapid. There was no hesitancy whatever in taking hold of the work of rehabilitating. The biggest losers were the first to begin the work of rebuilding. Those with most at stake are most enthusiastic in keeping their developmental investments in that region. Few persons expect ever to see a repetition of the disaster. For a more substantial type of buildings is going up. It is realized that mistake was made, originally, in not putting up a better class of structures. The cheerfulness and courage of that people are justified fully by conditions and prospects. The earthquake has affected nothing that is stable and enduring in the valley. The land is still there, with its inexhaustible fertility. The possibilities are of the brightest.

THE LIBERTY BELL

That Liberty Bell should come to California is particularly fitting. California soil never has been trodden by slaves. Human liberty has been sacred here from the beginning. In the atmosphere of this freedom-loving west human bondage could not exist. So strong is our love of liberty, here in California, we take advanced ground even in ridding our political and economic life of all semblance of slavery.

Liberty Bell comes to us, not as a reminder of strife, with the mother country, but as a symbol of our pronounced freedom, as a people, and the beneficence of our free institutions. It comes to us as an emblem of patriotism. It is inspiring to note that our love of liberty is so great and our veneration for the fathers of the republic and the mighty works they wrought is so strong, that we, by the millions—grayheads as well as children—pour out to do honor to this old cracked bell.

We need these relics of patriotic events to give us inspiration for useful thought and service. We are better patriots because we love Liberty Bell and what it symbolizes. Let us teach our children to reverence these things and the momentous principles and historical episodes for which they stand.—Long Beach Press.

FISHERMEN HAVE SPENT LUCK YESTERDAY

One Party of Three Santa Anans Lands 45 Bass During Day

What was undoubtedly the best fishing that has been encountered along the Orange county coast for many days was had yesterday at Corona del Mar by a party of three Santa Anans. It is reported that bass were so plentiful at this point that several times yesterday numbers of anglers pulled out two fish on one line.

One of the best catches reported yesterday was that made by a party composed of Porter C. Edmunds, John Case and Theodore Reuter. This party landed a total of forty-five splendid bass during the day. Edmunds and Reuter used rod and reel and Case used a throw line. The fishing was done off the rocks.

About four of the fish caught by this party weighed seven pounds. None of the catch weighed less than two pounds.

Motor Cars in California

In the five and one-half months of this calendar year ended on the 15th inst. there were issued by the Motor Vehicle Department of the state 136,821 automobile licenses and of this number 66,736 were in the district running from Fresno county to the Oregon line. The total receipts from the automobile tax to June 15th are \$1,821,363.76, against \$1,215,466 for the entire year of 1914. This is a gain of \$606,900. In motorcycle and chauffeur licenses the Sacramento district leads the Los Angeles district. The figures for motorcycles are 11,698 and 11,396, respectively, for chauffeurs, 9157 and 9426, respectively.

COUPLE OBSERVE SIXTY-SEVENTH ANNIVERSARY OF WEDDING

MIDDLETON, R. I., July 12.—Mr. and Mrs. Elisha Clark Peckham of Seven Pines, on the East Shore Road in this town, have been married sixty-seven years, the date of the wedding being May 23, 1848.

Not only are they believed to be the oldest married couple in Rhode Island, but all of their twelve children, with the exception of the first born who died when 6 years old, are living. Their "family," which has numbered, first and last, ninety-nine members, now includes thirty-four living grandchildren and thirty-one great-grandchildren. Mr. Peckham is in his ninety-second year, having been born November 23, 1823.

His wife, who was Miss Ardella Peckham daughter of Gideon and Cynthia (Barker) Peckham, is 85 years old. Both are descendants in different lines of the John Peckhams who came to Newport in 1638, he being of the seventh and she of the sixth generation. They were married on May 23, 1848, and practically their entire life, with the exception of the fourteen years when they were in Westport, Mass., has been passed in Middletown.

Forty-seven years ago they built the home, "Seven Pines" which they have ever since occupied. Here four marriages have taken place and there have been four births, but as yet there have been no deaths under its hospitable roof.

SENATOR FEEDS HIS FLOCK BY CLOCKWORK

DOVER, Del., July 12.—About twenty years ago a little boy lay on the ground beneath a tree on a farm in Lower Delaware and made a resolve that when he grew to be a man he was going to be one farmer who took life easy.

That boy was little "OI" Newton, who is now Senator Newton, one of the most prosperous farmers in Delaware, whose 320-acre farm near Bridgeville is a model of what a farm should be.

Senator Newton has devised a scheme which has been in use on his farm for several years, whereby the livestock on his estate is fed and watered by clockwork.

A clock in his bedroom feeds his mules, horses and cattle at the same minute every day. The feed is placed the night previous upon shutters over the feeding bins of each animal, and at feeding time a clock releases a spring, which in turn pulls a wire that releases a lever at the barn, and every shutter drops and the animals can start on their morning meal.

Reversing Conditions
"For the past five years Australia and New Zealand have been sellers of butter in this market in increasing quantities," says the American National Bank of San Francisco in its monthly letter. "These shipments rose from 25,175 pounds in 1910, valued at \$6,782, to 2,916,108 pounds in 1914, valued at \$726,728. The last shipments to San Francisco from that quarter arrived in March last, since which time conditions have been exactly reversed, owing to the drought in the Antipodes. Beginning in April, and up to June 23rd, California has exported to Australia 1,083,358 pounds, valued at \$290,964, and shippers report orders in hand for several hundred thousand pounds more."

Anybody can bet when the war will end—and they are betting on it in London—but that is not what will end the war.

ASSERTS LEADER OF LABOR WAS 'RAILROADED' BY COURTS

CHICAGO, July 12.—Frank P. Walsh, chairman of the Industrial Relations Committee, told a mass meeting today that in his opinion John D. Lawson, the Colorado strike leader convicted of murder "was railroaded to prison by corrupt courts."

Mr. Walsh declared John D. Rockefeller, Jr., was guilty of contempt of court for his refusal to answer certain of the committee's questions.

Mr. Walsh expressed a hope that congress would cite Rockefeller to appear for contempt.

WIDOW OF JUDGE WELCH GETS BIG JOB

CORPUS CHRISTI, Texas, July 10.—Mrs. George Welch, who took charge of the Corpus Christi postoffice recently, is believed to be the only woman in the United States to have charge of a postoffice of the first class. Mrs. Welch is the widow of Judge Stanley Welch, for years a leading jurist of Texas and who was assassinated ten years ago at Rio Grande City on the eve of an election. She is an appointee of President Wilson, her nomination having been submitted by Congressman John N. Garner. The Corpus Christi office has an annual revenue of \$45,000 and employs eighteen clerks and carriers.

MAN'S HAND BIT BY 45-POUND CATFISH

SAN ANGELO, Tex., July 12.—Fine catfish are now about the cheapest thing to be had in San Angelo in the way of meat. The fish are so plentiful in the North Concho river that many have been caught with bare hands. In catching a large catfish weighing nearly forty-five pounds, D. B. McCauley had one of his hands badly injured. He placed his hand in the fish's mouth with the result that the hand was crushed and chewed. Fear of blood poisoning is now worrying Mr. McCauley.

What Five Cent Lead Means

"The market continues strong and active, and that is naturally being reflected in prices of stocks of the lead producers," says the Boston Herald. "A month ago few traders knew what stocks would be affected by an advance in price of lead. But the degree of activity in such issues of late suggests that they are gradually being discovered. The price of lead has advanced from 3.50 cents a pound last fall to 4.50 cents, and sales of lead are being made at 5 cents. The advance of 1 1/2 cents is all 'velvet' for producers and has fattened up earnings tremendously. To United States Smelt, for instance, which besides its other details is a big producer of lead, such an advance would mean a difference of nearly \$1,000,000 annually in earnings, or an increase at the rate of \$2.75 a share for the common stock. With Federal Smelting, the increase in earnings per share would be somewhat larger, perhaps in the vicinity of \$5 on the preferred stock. In the case of Utah Apex the advance would make a difference of about \$225,000, or 75 cents a share. Eagle & Blue Bell, which turns out about \$500,000 pounds annually, would reap an increased profit of about \$127,000, thereby doubling its net earnings of 1914."

First National of Barstow

Application has been made to the Treasury Department for a charter to organize the First National Bank of Barstow, Cal., with a capital of \$25,000. Correspondent, Oswald Wilson, Barstow, Cal. Directors: E. S. Hillis, T. O. Williams, C. H. Fuller, J. H. Sloan and A. H. Pendleton.

Billion Dollar Trade Balance

A billion-dollar trade balance—the greatest in American history—in a year, which has been commencing depressed by eleven months of world war, is the commercial record of the United States. Official announcement was made Thursday at the Department of Commerce that with the closing of the fiscal year the billion-dollar mark had been passed, surpassing by nearly \$100,000,000 the highest record heretofore made. The Department of Commerce experts point out that the immense trade balance is not owing to orders for munitions of war. In fact, manufactures generally other than of foodstuffs have been less than in the similar periods before the war.

Spokane Bank Dividends

Dividends amounting to \$81,500 have been declared by the banks of Spokane for the quarterly period ending July 1. The quarterly dividends bring the total payments for the first six months of 1915 up to \$163,000. The total disbursement at this time exceeds that made by the banks of the city July 1, 1914, by \$7550.

Attacks Federal Income Tax

What promises to be the most important case before the United States Supreme Court, next term, is an attack on the constitutionality of the federal income tax, the action being brought by John F. and Horace E. Dodge of New York, who claim that the sur-tax provision of the law is invalid.

The pessimist complains that he can't make both ends meet; the optimist chooses the best end.

MISSION CLOSSES

Need For Special Church Services For Mexicans Plainly Demonstrated

The two weeks' mission, so successfully conducted by two learned Franciscan priests, Father Buenaventura and Father Jose Casillas, both refugees from Mexico, closed yesterday.

In the morning impressive services were held while sixty-five children received their first communion.

The church was filled, as has been the case during all the sessions, which have been marked by unusual interest, a proof of how greatly the Spanish-speaking people appreciate services held in their own language.

Following the communion services a breakfast was served in the school house to the children by Mrs. Murphy, assisted by Mrs. Clyde Holt and Mrs. Forbes, the trio of ladies who have so faithfully trained the children for their first communion.

During the two weeks' mission, which has been so well attended, the need for either a new church for the Spanish speaking people or an assistant pastor who speaks this language has been plainly demonstrated and no doubt the enterprising Catholics of this community will find a way of meeting this necessity.

Family Dinner

One of the pleasantly informal social gatherings of yesterday was held at the home of Mr. and Mrs. C. S. De Mar of West Fifth street.

A bountiful noon-time dinner was a feature of the day, enjoyed by the following relatives: Mr. and Mrs. George

Reimers, Mrs. M. M. Huchendorf of Los Angeles, the latter being the mother of Mrs. De Mar; her cousin, Mrs. Park, of New York; Mr. and Mrs. Clyde Hill and daughter, June, of this city.

Return From Honeymoon

Mr. and Mrs. Clarence Nisson returned last evening from a delightful wedding trip. They visited relatives at Kansas City, San Jose and stopped at the San Francisco fair and other points of interest on the homeward trip.

The young couple will remain at the home of Mr. Nisson's parents, Mr. and Mrs. M. Nisson, on North Main street, for a couple of weeks until their pretty new home, corner of Walnut and Red Hill avenue, Tustin, is completed.

A host of friends extend a hearty "welcome home" to Mr. Nisson and his charming southern bride, wishing them a happy and prosperous future.

Prefer California to Florida

Rev. Wm. Berg, pastor of the First M. E. Church at Kalona, Iowa, and Mrs. Berg have been visitors at the home of Geo. B. Roth, Mr. Berg and Mrs. Roth are cousins and had met in the last thirty-five years. The Bergs have spent four weeks visiting in the state taking in both exhibitions. They were also planning to go to Florida but were so pleased with Southern California they gave up the Florida trip and expect to return to California to reside, being particularly in love with Santa Ana and surrounding country.

Pleasant Motoring Trips

Mr. and Mrs. H. C. Connolly of Rosbud, Texas, are enjoying a visit at the home of Mr. and Mrs. E. A. Clardy, the latter being Mr. Connolly's sister. The Santa Anas are doing their best towards giving their visitors a good time and have taken them on delightful motoring trips to various parts of the country.

Friday Mr. and Mrs. Clardy, their son Grady and Mr. and Mrs. Connolly motored to Los Angeles and after seeing many of the principal places of interest in that city they continued their drive to Pasadena by way of Orange Grove avenue.

A visit to Busch's sunken gardens was a feature of this enjoyable drive from which they returned by way of Eagle Rock, Glendale and Long Beach. Saturday the party motored to Laguna Beach, where the Texans saw the ocean for the first time, with the exception of the glimpse as they passed through Long Beach. The visitors were very enthusiastic over this beautiful resort and Mr. Connolly is especially pleased with the good roads of Southern California.

Lunch on the sands at Huntington Beach was a treat of yesterday, Mr. and Mrs. Gatlin, Mr. McPherson and children of Orange joining the party of relatives at the noon-time spread, after all had attended the camp meeting services.

Many other interesting side trips will give Mr. and Mrs. Connolly a pleasant memory of their visit to Santa Ana.

INTERESTING MEETING

Impressive Installation Services Are Held For Santa Ana Officers

Impressive installation services were held Saturday evening by District Deputy President Adda B. Lucey, Grand Marshal Tinta Small and her staff of officers from Ruby Rebekah lodge at Orange. The I. O. O. F. hall was beautifully decorated, a pink and green color scheme being developed with flowers and fernery.

The services were very capably conducted and the following officers were installed: Acting Past Grand, Mida Branson; Noble Grand, Lula Davis; Vice Grand, Elizabeth Jernigan; Recording Secretary, May Curtis; Financial Secretary, Alice Whitney; Treasurer, Effie Wilkinson; Right Supporter to Noble Grand, Hattie Peters; Left Supporter to Noble Grand, Fannie Rose; Right Supporter to Vice Grand, Emma Chandler; Left Supporter to Vice Grand, Josie Shoemaker; Warden, Many Woodruff; Conductor, Florence Crawford; Inside Guardian, Anna Tibbets; Outside Guardian, Lila Sudock; Right Altar Supporter, Sarah House; Left Altar Supporter, Mamie Zimmerman; Chaplain, India I. Cozad; Trustee, Clara Neill; Finance Committee, Blanche Liebig, Violet Morgan and W. J. Morrison; Floral Committee, Elizabeth Jernigan, Ella Hicks and Annie Jerome; Resolutions Committee, Hattie Peters, May Curtis and Pauline Becker.

There were many visitors at this interesting meeting, several being from the Rebekah lodges from other states. Following the installation services the retiring officers with Mrs. Mida Branson, Noble Grand, as chairman, served a bountiful banquet at long tables prettily decorated with Shasta daisies.

Torosa Rebekah Lodge

The Torosa Rebekah lodge will hold an installation of officers Wednesday evening at the I. O. O. F. hall.

A Pleasant Trip

Mr. and Mrs. Arthur Humphrey are to return soon from the fair at San Francisco, where they are having a most delightful time. They are visiting with relatives and friends, Mr. Humphrey's brother, H. F. Humphrey, living at Berkeley, where they have been staying most of the time.

They report the exposition as being grand and have enjoyed it very much.

Merry Dinner Party

Dr. M. B. Schnee entertained with an informal little dinner party yesterday, in honor of Miss Mary Jones of Sacramento, who is visiting at the home of Mr. and Mrs. G. G. Carr, of 610 Cypress avenue.

Double marguerites and dainty blue gumbo flowers were combined in an effective centerpiece and covers were laid for five, who enjoyed the excellent four course repast and the social hours which followed.

SEEK INDIAN TREASURE AT CHEROKEE, CAL.

CHEROKEE, July 12.—Prospectors are digging up the ground in the vicinity of a huge coffin-shaped rock near this town on which there are strange Indian characters which have been a mystery for years.

The treasure is said by Charles Morrison and wife, aged Indians of Oregon City, four miles from Cherokee, to have been hidden by tribesmen in early days.

About fifty years ago the Indians were troublesome in Butte county and robbed a number of miners. The money and gold which they stole is said by the Oregon City couple to have been hidden near the coffin-shaped rock. Efforts are being made to decipher the inscriptions on the rock in the hope they give a key to the location of the supposed treasure.

Mrs. W. E. Jackson, daughter Miss Vallie, and little friend Miss Mertie Harwell of Pulaski, Tennessee, arrived in Santa Ana Saturday night after spending a week at San Francisco. They will visit Mr. Jackson's father, brothers and sisters of Santa Ana and vicinity, expecting to remain about a month. They will also visit the San Diego exposition before leaving for home.

J. E. Livesey left this morning for Fairview, Mass., where he was called by the death of his mother.

Dr. and Mrs. C. O. Fletcher are enjoying a visit from relatives from their old home, Wahoofield, Neb. The visitors include Dr. Fletcher's mother and niece, Mrs. J. N. Galloway, and Miss Lucile Galloway; Mrs. Fletcher's mother and sister, Mrs. G. H. Cornell and Miss Edith Cornell. Today the Fletchers took their guests on an outing to Newport Beach, which is but one of many pleasure trips planned. The easterners, accompanied by Mrs. Fletcher, also expect to attend the California expositions.

TWO AUTOMOBILES ARE REPORTED MISSING

Local officers have been asked to be on the lookout for two automobiles. A Chalmers 36 was stolen from Ed Goller of Westminster yesterday while he was at Seal Beach. The car number is 25927.

Saturday night about 11 o'clock a Ford belonging to Fred Dora of Anaheim was taken from in front of Eagles' hall, Anaheim. The machine was driven to the hall, and the driver was in the hall just long enough to get his parents, who were there at an entertainment. When he went in Dora saw two boys, each wearing a new-fangled low-necked shirt, standing on the sidewalk. When he came out they and the Ford were gone.

AMUSEMENTS

At the Princess William S. Hart has never made a better picture than "The Conversion of Frosty Blake," which will be shown today and tomorrow at the Princess Theatre.

It is a typical Western number and a real feature. "The Golden Rainbow" is an excellent production founded on the old fable of the rainbow and the pot of gold.

The story is of the theft of a consecration of gold, and the finding of it by a little boy who chases a rainbow for the supposed pot of gold. The story has been prettily filmed, and is very interesting.

The bill for today and tomorrow is good and up to the usual high standard of this popular playhouse.

IS SICKNESS A SIN? If not, it's wicked to neglect illness and means of relief. It's wicked to endure Liver Ills, Headache, Indigestion, Constipation, when one dose of Po-Do-Lax gives relief. Po-Do-Lax is Podo-pylin (May Apple), without the grip. It arouses the Liver, increases the flow of bile-Nature's antiseptic in the bowels. Your Constipation and other ills disappear overnight because Po-Do-Lax has helped Nature to remove the cause. Get a bottle from your Druggist today. Get rid of your Constipation overnight.

SANTA ANA, CALIFORNIA, MONDAY EVENING, JULY 12, 1915.

BUSINESS NOTES OF LIVE BEACH TOWN; WHAT'S BEING DONE

HUNTINGTON BEACH, July 12.—A jitney bus line to the Tent City grounds has been established by M. D. Rosenberger, with Lawrence Worthy at the wheel.

M. D. Rosenberger has decided to change the name of his business from the City Transfer and Livery Company to the Huntington Beach Transfer Company.

W. T. Collins, who has a millinery store at 727 South Broadway, Los Angeles, and who built the Collins block in this city about seven years ago, is coming to the front in this city with a proposition for the paving of the down town alleys. Mr. Collins proposes to pave the alley adjoining his building and is endeavoring to have other property owners do

the same as he believes it will add greatly to the cleanliness and sanitary condition of the city.

The Kenwood apartments in the second story of the Beggs block on Main street, have now been opened under the direction of Mrs. Sessions.

Hugh Rennick has taken charge of the moving picture machines at the Princess Theater. Robert Harrison will devote all of his time to his work at Houston's store.

Mrs. Olive Winslow has opened a restaurant at 426 Ocean avenue, having removed from Alabama avenue where she previously had a similar place.

Judge C. W. Warner left Saturday for Palmdale with prospective buyers.

M. C. Adams and family, formerly of this city, but more recently of Compton, where Mr. Adams bought a moving picture business, have disposed of their interests at Compton and have returned to Huntington Beach, where they intend to make their home.

The Racket store on Walnut avenue, sold recently by constable Eugene Davis to satisfy claims, has now paid out in full and has been closed. The store was established by P. J. Jonas.

METHODIST ASSEMBLY OBSERVES MEXICAN DAY

HUNTINGTON BEACH, July 12.—Mexico Day was observed at the Methodist Assembly Saturday from 10:30 to 3:30. An interesting program was held. An original poem was read by Senora A. C. Gonzales. A number of addresses were given on "The Mexican Problem" and there were also talks by leaders of the Mexican and Portuguese missions in Los Angeles. Special music was furnished by children from the missions.

The Mexican welfare churches of Santa Ana and Pasadena presented reports of their work and there was also a report from the Spanish-American Institute and Gardena for Mexican and Portuguese boys. The auditorium was well filled by visitors and home people on this occasion.

—Dr. J. W. Shaul, 417 Hollingsworth Bldg., Los Angeles, in Santa Ana office Wednesday and Saturday afternoons, 1 until 7:30 p. m. Eye, ear, nose, throat and fitting glasses.

BEACH TOWN TO PLACE BAN ON PUNCH BOARD GAMBLING

HUNTINGTON BEACH, Cal., July 12.—Mrs. H. P. Kyes of Riverside, who is spending the summer in this city, came to the rescue of the petitioners against punch boards by calling attention to ordinance No. 9, forbidding all games of chance in the city where the gambling feature enters in.

A petition had been filed with the city trustees some time since protesting against the use of these punchboards, which had become a common feature in all the confectionery shops of the city. The petition was based upon the contention that the punchboards came under the ban of the state gambling law.

City Attorney Head, however, was not sure about the matter but when ordinance No. 9 had been called to his attention he declared that it was his opinion that there was no doubt under the ordinance. On motion of Trustee Tarbox the marshal was instructed to enforce the ordinance in this regard and as a consequence the punchboards were rapidly disappearing. The punchboard game had become almost a nuisance in the city and many among those who were in the habit of patronizing them were really in sympathy with the move to get rid of them.

The question was raised by Mayor French as to whether or not the ordinance would cover fish ponds and grab bags at church socials and although no such devices have been employed recently by any of the local churches it was given as the informal opinion of the city attorney that such devices were used they might under a strict interpretation of the ordinance be forbidden.

CHEMISTRY HONORS GO TO A NORDHOFF SCHOOL

The chemistry contest, held under the auspices of the Southern California section of the American Chemical Society, was decided Saturday at the University of Southern California. Nordhoff Union High School carried off highest honors with 72.7 per cent. The prize is a handsome cup, to be held one year.

In the list of contestants receiving high credit as among the ten highest in marks are Bryan Christensen and Lawrence Haven, both of the Santa Ana High School.

A MEDICINE CHEST FOR 25c. In this chest you have an excellent remedy for Toothache, Bruises, Sprains, Stiff Neck, Backache, Neuralgia, Rheumatism and for most emergencies. One 25c. bottle of Sloan's Liniment does it all—this because these ailments are symptoms, not diseases, and are caused by congestion and inflammation. If you doubt, ask those who use Sloan's Liniment, or better still, buy a 25c. bottle and prove it. All Druggists.

MAGIC FIGURES 22.90 WIN ANOTHER SEWER CONTRACT FOR CHUTUK

HUNTINGTON BEACH, July 12.—For the fourth successive time Joe Chutuk, with a bid the last four figures of which were 22.90, secured the advertised sewer contract from the city. This time the contract is a comparatively small one, Chutuk's bid being \$1622.90 and consists of certain alleys in the neighborhood of Main street and to the westward of it. Chutuk has convinced most of the other bidders that they might as well seek jobs elsewhere, for this time only three other bidders presented bids as compared with about fifteen when the first unit of the system was advertised. The main outfall sewer is in use and private connections are daily being made.

HUNTINGTON BEACH TO CONSIDER POOL ROOMS

HUNTINGTON BEACH, July 12.—An interesting grist of minor business came before the city trustees at their last meeting. There were two applications for the privilege of operating a pool room and billiard room in the city. One was in operation, C. L. White had a room in operation until it was badly damaged by fire a few days ago. He now asks the privilege of opening in the room on Main street from which Lake recently removed his grocery. Ralph M. Duke, who had a barber shop in the room occupied by White, has decided that he wants to run a pool room and has asked for a license to operate in the old Crescent Theater building. No action was taken on either application, but the matter will come up at the next meeting of the trustees.

The city has declined to offer financial support for the publication of a city directory. It is now uncertain whether or not L. J. Padgham of Santa Ana will go ahead with his plans.

S. Floyd Keener made application for a ten-year lease of a triangular piece of ground near the present grammar school building for the purpose of establishing an automobile service station.

Seventeen building permits were reported for the month of June and twelve electrical wiring permits.

Personal taxes have all been paid in by those not owning real estate. The entire amount of city taxes will be due in October this year and delinquent in the latter part of November.

S. L. Budget was appointed to audit the city books for the past fiscal year.

PRETTY GIRLS IN SEATTLE GREET SHRINER HOST WITH ROSES

SEATTLE, Wash., July 12.—Greeted by fifty of Seattle's prettiest young women, their arms laden with roses, Imperial Potentate Dr. Frederick R. Smith of Rochester, N. Y., with his Imperial Divan, was the central figure in a huge ovation here today on the arrival of the Imperial Special for the forty-first Imperial Council meeting of the Shrine.

The progress of the Shrine leader, head of the order comprising more than 200,000 nobles, was a continuous triumph across the state. At the boundary between Idaho and Washington the party was met by representatives of the Seattle temple, who bore the welcome of the governor of the state to the distinguished visitors.

More than fifty special trains have already reached Seattle, bearing Shriners to the big meeting, and the last train is expected tonight. In honor of the Imperial Divan a huge reception was held this afternoon at the Imperial headquarters, and tonight a dinner will be given by Chairman J. E. Chilberg and Potentate J. A. Swallow of Nile Temple, Seattle.

MAIL DELIVERY FOR ANAHEIM BE BETTER

Anaheim Herald: When Postmaster J. F. Ahlborn appeared before the city council Thursday evening he had a message for that body that showed that since taking the position as postmaster he has been looking after the interests of this city at all times. His message Thursday evening told of the proposal of the postoffice department to give increased delivery service to the residents of this city where such service was deemed necessary.

Under the new plans it will be necessary for new sidewalks to be laid in several streets and other improvements made to meet the requirements of the department. Under these plans increased service will be given Zeyn tract, south of Broadway and east of the Primary School, northeast section of town and in the west part of the city.

If the requirements of the postoffice department are complied with Anaheim will soon have a very fine delivery service for the whole city. It is proposed to give the new districts two deliveries each day and this will result in the very best service and an increased force in the local office.

The attention of the board was drawn to the numbering of the houses. It was called to their attention that better numbering would have to be installed before the new system could be put into effect. It might be at this time to correct a number of mistakes in numbering in this city at the present time.

A Word With the Man Who Is Seeking a Ranch

There are three essential considerations that should enter into the location of the ranch you choose. First, it should appeal to you from a standpoint of happiness, where your family is going to be both comfortable and contented; in the second place it should appeal to you from a standpoint of health, and in the third place and more important of all it should appeal to you from a standpoint of dollars and cents in profit.

Do you know any place in California where you can buy land within four miles of a rapidly growing city of 50,000 people that has doubled its population three times within the last fifteen years? Consider the size of this, your home town, think what is the cheapest good land with water you can buy within four miles of here and you will find that it runs in the neighborhood of at least \$500 per acre. Now, if you could buy as good or better land that would raise as much or more to the acre with abundance of water delivered to your land for a total cost of one dollar per acre, per family regardless of the amount of water you used, and you could buy that land at \$200 per acre and be reasonably assured of its netting you twenty-five per cent a year, you would be interested, wouldn't you? I have exactly the above to offer, in addition it is within four miles of one of the fastest growing cities of 50,000 people in California, with a street car operating every hour to take you into the heart of this city in twenty minutes time and a fifteen-cent fare. Offering the best of stores, churches, schools, theaters, markets and all city comforts, in one of the most healthy sections of this state. You can practically buy this land upon your own terms. I have some exceptional inducements to offer the first 100 settlers, if you are in the market for good land, it will pay you to see me quick.

Facts About California

(From L. A. Financial News.)

In Agricultural Districts
John W. Sward, who is engaging in the culture of an extensive wheat farm, was, S. J. Haynes and S. E. Epier of Los Angeles, have incorporated under the name of "John W. Sward, Incorporated," articles having been filed with the county clerk at Bakersfield.
Ten million dollars is the estimated value of the grain crop in Kings county this year. From the Tulare Lake bottoms alone, which contains 180,000 acres, 4,000,000 bags will be taken. Auto harvesters are used in cutting the grain.
The Green Valley canneries at Graton began the canning of berries on Monday. Imperial valley cotton crop this season promises to be 45,000 bales. In the valley there are 19 cotton gins, 3 cotton seed oil mills and 3 compressors.
On Monday the threshing machines started work all over Monterey county. On the Espinosa ranch, near Three-mile Flat, the yield is estimated at 80,000 bags. On the San Benito ranch 30,000 sacks will be harvested.
Contracts for \$50,000 worth of alfalfa for New York delivery have been signed with the Porterville Alfalfa company. It will be shipped via the Panama canal. It will sell in New York for \$25 to \$27.50 per ton.
Representatives of a Bohemian Presbyterian church are negotiating for 5000 acres of land in Colusa county, near Williams, on which they will locate 400 families.
San Francisco bankers and lawyers have leased several hundred acres of land in Stanislaus county and planted it to black-eye beans.
Sonoma county is at present engaged in harvesting one of the largest and finest hay crops it has produced in years. Harvesting of the hay crop is now on in the Sierra valley.
Deciduous Fruit Industry
The two big canneries at Visalia are preparing for their busiest season. Each cannery has announced that it will commence operating about July 10. The plant of the C. F. A. operates with a force of 400, mostly women and girls, and its annual payroll reaches \$60,000. The Central California canneries plant works a force of 250 and its payroll runs close to \$40,000 a year. The principal output is peaches.
The berry crop in Sonoma county is now being harvested, and almost daily from eight to ten carloads of loganberries and blackberries are being shipped from the berry fields of the Gold Ridge section of the county to the canneries located in Sebastopol and Santa Rosa and to eastern and coast markets.
Green fruit packers of the Fresno district, which also includes Kings and Tulare counties, have decided to handle very few peaches this year. Growers who have been shipping green peaches in past years will be compelled to dry them this year if they wish to dispose of them at all.
A co-operative fruit growers' association has been formed at Woodlake, with the following officers: W. P. Crumley, president; James H. Blair, vice-president; J. G. Ropes, secretary-treasurer. If the present plans carry out a cannery will be built in time for next season's crop.
Apricot canning has started at the cannery of the Tulare County Growers' Association in Porterville. Reports indicate that the crop will be a short one this year and it is not anticipated that the total pack for the season will run much over 100 tons.
Thirty thousand dollars worth of canned fruit was shipped down the Sacramento river this week, bound for Liverpool, England. The consignment consisted of 7000 cases, 210 tons, and is the largest shipment to Europe for over a year.
Four hundred acres of wheat on the farm of President C. C. Moore of the Panama-Pacific Exposition yielded 20 bushels to the acre. The grain was grown without irrigation.
Prune prices in Sonoma county are holding up as most of the growers there belong to the co-operative association, which only sells when the market warrants.
Cherries that resemble little red apples are being shipped in large quantities from Napa. They are of the Bing variety.
Apricot growers in Orange county are now cutting their crop, which this year is not more than half normal.
California Fruit Packers' Association cannery at Antioch opened for the season Monday.
Pomona canneries will put up a total of 3,000,000 cans of apricots and peaches this season.
In Nut Groves and Vineyards
An experiment in the culture of Rochester chestnuts has been undertaken by B. F. Jones, fruit expert, in charge of the

pearance of good and bad times in the eastern states is not followed by like conditions in Los Angeles until a number of months later. That would be a very natural result, if the foregoing views are correct. When industry starts into activity, the employee is the first to feel the benefits, and he resides at or near the industry; the owner of the business is the last, and he may live in Southern California. Before profits or income reach him, the season's output of the business must be completed, workmen must be paid, material bought, and the entire process carried until the product is finished and marketed. The owner of the business then commences to receive the actual results of returning prosperity.
Decline Has Run Its Course
"It is believed, then, that throughout most of the United States the period of declining business has run its course and that recovery is now well under way. Its progress is somewhat retarded, not by the war, for business is becoming adjusted to that and is even stimulated by it, but rather by the fear that out of the war may arise some new uncertainties not yet foreseen. There is no other barrier to progress and but for the caution born of this latter fear, there would be perfect safety in predicting that the beginning of 1916 will find business in a highly active condition and resting upon a foundation more firm and secure, and with prospects more promising than the past has ever known. It seems more than probable that this will be the situation in any event."
Merger of Gas Companies
The Midway Gas Company has been authorized to take over the Southern California Gas Company which supplies gas to Los Angeles and the Northern Exploration Company, owning wells in Kern County. The company plans for reorganization has also been approved, the State Railroad Commission passing upon both propositions. The amount of bonds, notes and preferred stock which the Midway Gas was authorized to issue was fixed at \$2,995,655, of which \$1,170,000 in bonds, \$88,305 in notes and \$737,350 in preferred stock. Bonds to the value of \$881,000, to be sold at 90 cents on the dollar, are to be paid for the Southern California Gas Company's plant at Taft, where a compressor station is located; \$105,000 in preferred stock at 80 cents on the dollar is to be paid for the properties of the Northern Exploration Company in Kern county; \$332,355 in preferred stock at 80 is to be issued to Midway stockholders to repay assessments, and the balance of the securities are to be used for interest, betterments and to take up outstanding bonds.
This is the first of several large pending reorganizations to be approved by the commission. In the order, Max Thelen, president of the commission, called attention to the financial difficulties of such enterprises and to the "good faith" shown in the present case.
Los Angeles Leads in Autos
Out of a total of 137,383 automobiles in California on June 30, Los Angeles leads the fifty-eight counties of the state in the number of machines with 46,447. San Francisco is second, Alpine has seven cars, Mono county eleven, Trinity thirty and Sierra fifty-four. The total 1915 registrations of counties that have more than 1000 cars, from January 1 to June 21, inclusive, follow:
Los Angeles 46,447
San Francisco 14,714
Alameda 9,417
San Diego 6,191
Fresno 5,183
Orange 4,382
Sacramento 3,914
San Joaquin 3,045
Kern 2,793
Tulare 2,646
Riverside 2,451
Santa Barbara 2,046
Butte 1,125
Imperial 1,555
Humboldt 1,055
San Mateo 1,245
Ventura 1,535
Up to June 1 the state had collected in motor vehicle tax \$1,793,679, of which Los Angeles county paid \$604,442. Long Beach owns 700 cars, besides 250 cars owned by tourists and non-taxable.
Plenty of Ginger Here
"In Los Angeles the whole spirit of the city buzzes with business. The streets here are jammed with busy people; the houses are filled; people are prosperous; one can see that by their expressions—and also they are happy," is the view of Arthur D. Brandeis of Omaha, who was in Los Angeles this week en route from Japan to his home. Continuing he said: "There is more 'ginger' in this city than other cities. I meet old Omaha residents on all sides. A certain class of Omahans seem to migrate here and finally settle here permanently. I was here six years ago and the growth of the city since that time is almost unbelievable and I am sure that this growth will continue in the same remarkable ratio."

What are you going to do about increasing

You doubtless have a good location, a good store, good goods, good clerks, and good customers.

Yet, your net profits on the amount of business you did last year were not so great as you had expected.

It may be because you lack the best method of taking care of your money and your accounts.

If you can get such a method and increase your profits, it would pay you to do so.

Do you know all the sources of loss in your store? Do you GUESS about them or do you KNOW?

Think!

The more you know about your business, the more money you will make and save.

Proven by Figures
"All of this is evident enough to casual observation, but is approximately proved by figures now being regularly gathered through banking channels. These figures show from week to week the total amount of money being received and expended by our population in their dealings with the money market. The amount paid weekly by Los Angeles to other cities, though very large, can be readily understood and explained. The amount, however, which the people of Los Angeles receive from other localities (which is about equal to the amount paid out) is not only very great, but is far beyond any sum that could be realized from any productive industries that are carried on in this locality. This income is believed to rise and fall in consequence of the seasonal fall of business in the east and middle west."

Subject to Blue Sky Law
There are more than 22,000 corporations in California under the jurisdiction of the corporation commissioner, and subject to the provisions of the so-called "Blue Sky Law," according to a statement made by H. L. Carnahan, State Treasurer, at the League for Home Rule in Taxation luncheon at the Hotel Braun in San Francisco. In explaining the aims and workings of the law, the speaker said there is no power that can force the commissioner to issue to a corporation a permit to sell stocks or bonds if he declines to do so.

ANDERSON GIVES STATEMENT OF STATE INHERITANCE TAX LAWS

Santa Ana, July 10, 1915.
 Santa Ana Daily Register, Santa Ana, Cal.:—Believing that the members of the Orange County Bar and the people generally would appreciate the publication of a brief reference to our inheritance tax laws as amended at the last session of the legislature and which laws take effect after August 8th next, and on your kind offer to print it, I here furnish you with it.
 For convenience and to save some repetitions I divide the various degrees of relationship to the decedent into four classes and thereafter refer to class numbers:
 Class 1. Husband, wife, lineal issue, lineal ancestor, adopted or mutually acknowledged child.
 Class 2. Brother, sister, or decedent of either, wife or widow of a son, husband of a daughter.
 Class 3. Uncle, aunt, or descendant of either.
 Class 4. Other degree of collateral consanguinity, stranger in blood, body politic or corporate.
 Amounts exempt from inheritance taxes:
 Class 1. Widows or minor children \$24,000
 Others 10,000
 Class 2 2,000
 Class 3 1,000
 Class 4 500
 Rates of taxation as follows:
 1st. On excess after deduction of exemption from \$25,000, class 1, one per cent; class 2, three per cent; class 3, four per cent; class 4, five per cent.
 2nd. \$25,000 to \$50,000, class 1, two per cent; class 2, six per cent; class 3, eight per cent; class 4, ten per cent.
 3rd. \$50,000 to \$100,000, class 1, four per cent; class 2, nine per cent; class 3, ten per cent; class 4, fifteen per cent.
 4th. \$100,000 to \$200,000, class 1, seven per cent; class 2, twelve per cent; class 3, fifteen per cent; class 4, twenty per cent.
 5th. \$200,000 to \$500,000, class 1, ten per cent; class 2, fifteen per cent; class 3, twenty per cent; class 4, twenty-five per cent.
 6th. \$500,000 to \$1,000,000, class 1, twelve per cent; class 2, twenty per cent; class 3, twenty-five per cent; class 4, thirty per cent.
 7th. Over \$1,000,000, class 1, fifteen per cent; class 2, twenty-five per cent; class 3, thirty per cent; class 4, thirty per cent.
 Property subject to inheritance taxes, as follows: Real, personal or mixed or any interest therein or income therefrom in trust or otherwise, whether transferred by will or by the intestate or homestead laws of this state, also probate homesteads, real or personal property held in joint tenancy, joint account, joint deposit, any interest in property whereby right of survivorship is created without valuable consideration and property conveyed in contemplation of death.
 Inheritance taxes are to be paid to the county treasurer. If paid within six months from death of decedent 5 per cent discount will be allowed. If not paid within eighteen months interest at the rate of 10 per cent per annum will be charged and a bond required in twice the amount of the tax.
 Banks and other deposit companies or persons are required to give ten days' notice to the state controller and the county treasurer, of the time and place of delivery of stocks, bonds and other securities deposited by the decedent, before such delivery and to retain sufficient amount therefrom to pay the tax unless excused in writing by the state controller or by someone authorized to act for him.
 The inheritance tax appraiser must participate in all probate and inheritance tax appraisements and may be appointed sole appraiser.
 The value of the estate upon which inheritance taxes are computed is the value at the date of the death of the decedent.
 Estates in expectancy, for life, or for years are taxable.
 The sum of \$250,000 of inheritance taxes paid to the state controller annually, is used as state school funds and the rest goes into the general state fund.
 Property bequeathed or otherwise transferred to societies, corporations and institutions now or hereafter exempted by law from taxation or to any public corporation or any society, corporation, institution or association of persons engaged in or devoted to any charitable, benevolent, educational, public or other like work (pecuniary profit not being its object or purpose) is exempt.
 The state controller has one or more inheritance tax appraisers in each county, an inheritance tax attorney in his office in Sacramento and one assistant inheritance tax attorney in each of the cities of Los Angeles and San Francisco and under the new law there will be two assistant inheritance tax attorneys in each of the two last named cities and one in Sacramento.
 Under a ruling of the state controller, one of the assistant inheritance tax attorneys must be called in to the hearing for determining the inheritance taxes when the estate amounts to \$100,000.
 Permit me to add in closing that it appears our inheritance tax law is a very popular and satisfactory medium of taxation and in my official capacity of inheritance tax appraiser for Orange county since July, 1911, I have heard little, if any, complaint against the law.
 It will be observed from the above exemptions and rates that widows and minor children pay no tax in estates of moderate amounts.
 Sincerely yours,
 JOHN N. ANDERSON.
 [State Senator J. N. Anderson is state inheritance tax appraiser for Orange county.]

KEEP THE KIDNEYS WELL

Health Is Worth Saving, and Some Santa Ana People Know How to Save It

Many Santa Ana people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Santa Ana citizen's recommendation.
 Martin O'Meara, 518 East First St., Santa Ana, says: "I have never used anything for kidney trouble as satisfactory as Doan's Kidney Pills. I had that complaint for a long time. The kidney secretions pained in passage and I had to void them during the night. Whenever I use Doan's Kidney Pills, my back gets stronger and the trouble with the secretions is removed."
 Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. O'Meara had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

GASOLINE EXPLODES; HOME IS DESTROYED

Fullerton Tribune, July 10: Fire at an early hour Saturday morning destroyed a residence building at La Habra occupied by O. D. Butts and family.
 Mrs. Butts, with a two-weeks-old baby at her side, was sick abed, and her husband arose at 3:30 a. m. to heat a small quantity of water to be used in preparing the baby's food. When he struck a match there was an explosion from the gasoline stove, fumes having accumulated probably on account of a leakage of gasoline. The flames spread rapidly, and practically nothing was saved from the building, but its occupants all escaped without injury to themselves.
 With what little furniture could be snatched from the burning building by neighbors, they were moved into another house and are being provided for by friends. Butts is a laboring man and has no resources except what little was saved from the fire.
 There was no insurance on the building, which was the property of John Phillips. His loss is about \$500.

WALTHER LEAGUE OF LUTHERANS BANQUETTED

Orange News, July 10: Nearly two hundred delegates to the National Walther League convention spent several hours in Orange last evening as guests of the local branch of the league, the Concordia Society of the German Lutheran Church. As a result of the efforts made to entertain them it is safe to say that they had more pleasure crowded into a short space of time than anywhere on their entire journey from the Middle West. In fact, many of the visitors took pains to inform their hosts that such was the case.
 The Walther League special arrived here at 6:45 p. m., after brief stops at Riverside and San Bernardino. An accident to their locomotive on the Arizona desert set them behind their schedule and, anxious to reach Orange on time, they were obliged to cut down the time allotted to those cities.
 Forty automobiles, provided by members of the Lutheran congregation met the delegates at the Santa Fe station and whirled them through the "Million Dollar" citrus district, the beauty of which was duly appreciated by the easterners. The procession returned after dusk to the Hotel Rochester, where a splendid banquet was served. One hundred and eighty-five delegates were seated at three long tables that completely filled the Rochester dining room. A flash-light was taken of the gathering during the course of the banquet.

No book ever printed holds such a place in literature as the Bible. As an educational work it demands a place in every home. One need not hold religious beliefs to appreciate the educational and literary value of this great work. Even though one may have many others, this illustrated Bible is the one you will use, for it brings out in pictures the very points that have seemed obscure and throws a new light on them.

SAYS ABOUT THIS GREAT WORK:

THE LADIES' HOME JOURNAL
 The Curtis Publishing Co.
 Philadelphia
 Edited by Edward W. Bok

"Why I like this illustrated edition of the Bible is because everything about it has been well done and seems to have been done in the right spirit. The Book itself has been approached by the annotator with reserve and intelligence, and by its artists with sympathy and knowledge. It has not been made into a meaningless picture book. The pictures here serve a distinct purpose. They enrich the text, but they do more; they intelligently explain it, and many a hitherto obscure passage will assume to thousands a new meaning through these eye-teaching pictures. Popularizing the Bible is a risky experiment in the hands of many, but it has been made a splendid achievement in this case."
 "EDWARD W. BOK."

Your Own Choice of These Books:

Magnificent Illustrated Edition of the BIBLE
 (like illustration) is bound in full flexible limp leather with overlapping covers and title stamped in gold, with numerous full page plates in color from the world famous Tisnot collection, together with six hundred superb pictures graphically illustrating the verse in the light of modern Biblical knowledge and research. The text conforms to the authorized edition, self pronouncing, with copious marginal references, maps and helps; printed on thin Bible paper, flat opening at all pages, beautiful readable type. Six consecutive free certificates and the

Also An Edition For Catholics

Through an exclusive arrangement, we have been most fortunate in securing the Catholic Bible, Douay Version, endorsed by Cardinal Gibbons and Archbishop (now Cardinal) Farley, as well as by the various Archbishops of the country. The illustrations consist of the full-page plates and maps approved by the Church, without the Tissot and text pictures. It will be distributed in the same bindings as the Protestant books and at the same Amount Expense Items, with the necessary Free Certificates.

Every one of the 600 pictures is a gem of art and the original conception of a master mind—a wordless discourse of wonderful force. These illustrations are introduced directly into the text, and each has been specially made to illuminate—i. e., "throw light upon"—the particular verse selected for illustration. Such marvelously faithful portrayal of Bible lands and scenes will prove a glorious revelation to all readers. Modern research has thrown a flood of light upon the people and places of Bible days, and this ripe knowledge shows forth on every page, so truthfully embellished as to give the text a new and personal meaning.
